

## TECHNOLOGY LEASING AND ANALYSIS FOR SPORTS PERFORMANCE

The Acafyde research group offers sports professionals a series of tools for monitoring physical activity and controlling sports performance. We offer a leasing service for sports technology as well as personalised analysis for sports teams.

### Main feature / technology

Different technologies for assessing and quantifying sports training, like GPS, jump platforms, Bitbrain EEG caps, videocontrol and analysis cameras, or tools for quantifying psychosocial variables.

### Main applications and advantages :

Having high-quality and precise technology for your team is now possible. If you are interested in monitoring the physical and mental loads of training for your team, you can now lease the technology or contact us so we can carry out a personalised analysis of your team and sport.

### Status of the technology:

Available on the market

### Area:

Health and wellness

### Information:
